

Marine Capability Germany

Introducing the marine specialist practice group

Sedgwick's global network of marine experts can help navigate the choppy waters of international losses. A loss can occur at anytime, anywhere in the world, regardless of where it has been insured or where the insured party is located.

Marine solutions

By its nature, the marine industry is challenging. Vessels, crew and cargo are exposed to a range of risks in port and on the high seas.

Industry expertise

Our adjusters and surveyors have many years of experience in marine claims management. Through our global network of specialists with in-depth technical expertise, we can quickly assemble the right people in the right place to support any claim.

Our team is also well-equipped to help clients handle ever-changing marine regulations and environmental policy issues that can impact claims.

We have experience in a broad range of marine claims services including:

- Loss control / risk management
- Ocean cargo, motor truck cargo, inland marine
- Stock throughput
- Recovery and subrogation

Our team is a centre of excellence, always collaborating the most efficient ways to handle complex cases and sharing best practice and professional knowledge.

Whoever you deal with, you will experience a high level of service and standards that are consistent across Germany and the world.

Prompt, high-quality service

Our marine experts provide a fast consistent service. We ensure high-quality service for customers by following established processes.

Global solutions, local expertise

Many parties in multiple locations are involved in the supply chain, often with conflicting interests, and the shipping and storage of goods is subject to complicated national and international rules and regulations.

Sedgwick can help you centralise and simplify your global strategy in marine and beyond.

With experts in 65 countries around the world and a full spectrum of services in liability, property, marine and other lines, we have the reach and knowledge necessary to quickly respond to your needs.

Reservoir of resources

The marine specialist practice group (SPG) is one of the largest global practice groups at Sedgwick. We're well placed to handle all manner of marine claim needs; from a single local German incident to fully serviced global accounts.

As part of a worldwide network, we access additional resources and expertise wherever and whenever they are needed – a loss that occurs due to an explosion whilst unloading a tanker at the terminal, for example, may not only need a marine specialist, but also a personal injury, business interruption or environmental specialist

Ready where you need us

Sedgwick is the largest claims management and loss adjusting business in the world, with client relationships that have stood the test of time.

If you would like to assign a claim, get some advice or simply find out more about how we work, please contact us.

What we do - get in touch

From local German operations to global accounts and high-end casualties, our marine practice is structured to make sure the right people are in the right place at the right time – fast.

Specialist services

- Claims management and recoveries
- Container casualties
- Global accounts
- Loss control programmes
- Marine fraud
- Project cargo and warranty surveys
- Salvage sales
- Supply chain risk management
- Warehouse inspections

No matter where the loss is situated, we can coordinate the investigation, provide in-depth technical expertise or simply direct you to our local marine contact.

Our range of professional services are available to the insurance market, the logistics industry, carriers and traders, the legal profession and P&I clubs.

Cargo

At the heart of our practice, our people specialise in everything cargo-related, from paper clips to chilled or frozen foodstuffs, liquid cargo, container casualties, marine fraud and advising on salvage sales.

Marine liability

We regularly investigate and adjust liability claims across the full range of risks insured in the marine markets. Our cargo and logistics expertise brings benefits both in terms of more effective loss mitigation, as well as careful investigation into the cause of loss and the responsibility for it. Our clients include P&I clubs and fixed-premium insurers of freight-forwarders, truck-operators, warehouse-keepers, ports and terminals, and marine trade businesses such as welders, fabricators and repairers.

German offices

In addition to our Dusseldorf headquarters we have three offices throughout Germany and a wide network of qualified home based adjusters.
