

PROFESSIONAL OUTSOURCING SUPPORT

Staffing solutions

In today's insurance market, it is vital for companies to stay flexible and adapt to changes quickly, while continuing to respond to the needs of their customers. An unexpected increase in claims volume, new policies and program changes can place additional demands on your staff and present service challenges. Sedgwick can help.

We offer comprehensive outsourcing solutions to help you manage claims, ensure seamless services for policyholders and reduce the impact on your business.

Flexibility to keep you moving forward

Sedgwick can provide experienced professionals to assist with all aspects of claims management and loss adjusting nationwide. We offer a wide range of expertise to help with many types of claims including property, liability, professional liability, workers' compensation, disability and absence. We ensure you have the resources to help maintain quality service for your clients and policyholders.

Whether you need additional part-time or full-time staff for short-term or long-term assignments, we offer tailored options to help you balance workloads and support your team. We also have flexible solutions to help clients that may need temporary-to-permanent employees.

We provide expert staff for several types of positions including:

- Desk adjusters
- Accountants
- Building consultants
- Engineers
- Supervisors and managers
- Administrative support
- Certified industrial hygienists
- Nurses and case managers

At Sedgwick, we understand the value of consistent, high-quality claims services. Our staffing solutions for the insurance industry are focused on delivering claims expertise, regulatory and jurisdictional knowledge, and a commitment to best practices. Flexibility is key and we will work with you to develop a solution that best fits your needs. This also includes technology usage – our professionals can work both in your systems and ours. No matter your requirements or time period, we can help you maintain quality service levels and position you to successfully respond to the insurance industry's ever-changing needs.
