

Sedgwick MCO and Sheakley *performance comparison*

Accumulation of lost workdays is a key driver of claim costs, impacting premium rates, savings options and workplace operations. A managed care organization that consistently facilitates a faster return to work for injured employees positions their clients for success. Sedgwick MCO averages 40.8% fewer lost workdays per current active claim than Sheakley.¹

A shorter duration of medical activity is an indicator of effective medical management and declining reserve costs. We negotiate directly with medical providers to help drive faster claims resolution. Sedgwick MCO outperforms Sheakley by 32.9% in the longevity of active status in current active claims.²

Consistent with lower average lost days per claim, Sedgwick MCO also outperforms Sheakley in the average total cost per claim.³
