

# Facility safety and cleaning services

Sedgwick's repair solutions team can connect you with approved contractors to clean and disinfect buildings and their contents in accordance with the standards of the Centers for Disease Control and Prevention.

## Comprehensive solutions

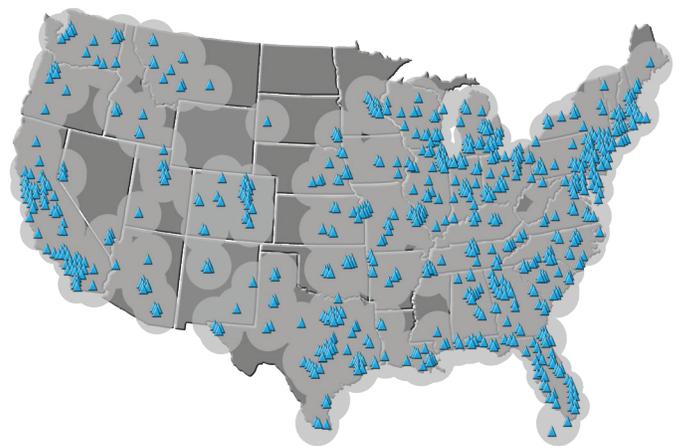

We offer timely, cost-effective services to help clients address complex risk management issues. Our cleaning and disinfecting services are provided by experts with the training, cutting-edge equipment and materials to manage commercial and residential projects. Services include:

- 24-hour emergency response
- National catastrophe management
- Assessments
- Contents pack-out and cleaning
- Environmental/hazardous cleanup
- Fabric and textile cleaning

## Estimating and billing

Our contractors use T&M estimating and billing software, which is designed specifically for the property loss industry. Contractors use this software suite to:

- Create detailed project estimates and rough order of magnitude (ROM) estimates that follow our national price list and terms and conditions
- Generate bills from the system that are accurate, extensively reviewed and use agreed upon client rates
- Ensure that projects stay on track by monitoring expenses against the budget

## About Sedgwick

Sedgwick is a leading global provider of technology-enabled risk, benefits and integrated business solutions. The company provides a broad range of resources tailored to our clients' specific needs in casualty, property, marine, benefits and other lines. We take care of people and organizations by mitigating and reducing risks and losses, promoting health and productivity, protecting brand reputations, and containing costs that can impact the bottom line. We help people and businesses get back on their feet, back on the road, back to business as usual – and moving forward again.
