

Marine claims solutions

Sedgwick maintains one of the largest and most experienced marine claims operations in the industry and our professional expertise is unmatched. Businesses around the world turn to our adjusters, surveyors and recovery specialists to handle their high-value and high-volume marine claims needs.

Industry expertise

Our team has an average of 25+ years of experience in marine claims management. Through our global network of specialists with in-depth technical expertise, we can quickly assemble the right people in the right place to support any claim. They are also well-equipped to help clients handle ever-changing marine regulations and environmental policy issues that can impact claims.

We have experience with a broad range of marine claims services including:

- Hull and machinery surveying and adjusting
- Yacht and watercraft surveying, investigating and adjusting
- Loss control/risk management
- Marine liability
- Ocean cargo, motor truck cargo, inland marine
- Stock throughput
- Warehouse legal liability
- Recovery and subrogation
- Third-party administration

Prompt, high-quality service

Sedgwick's marine experts provide fast, consistent claims services for clients and follow established processes to ensure quality. Claim intake is centralized, and acknowledgments and survey scheduling occur the same day. Field reporting is completed within 48 hours, and preliminary survey reports are provided within 72 hours.
