

VALE TRAINING

Learning bundle

As part of our learning bundle, students are provided additional access to digital resource materials, discounts for state pre-licensing, OSHA and continuing education (CE) courses as well as helpful tools, including the ability to contact a trainer directly and explore a 30-day trial subscription to our adaptive learning tool. Students will be equipped to hone their skills and feel confident that they have the resources they need when they are back on the job.

Vale Training has simplified our pricing model to include these additional services as a bundle which includes:

RESOURCE MATERIALS

- Digital course workbook
- Job aids
- Graded assignments/estimates

CONTINUING EDUCATION CREDITS

- Discount codes for state pre-licensing, OSHA and continuing education (CE) course credits
- Property program graduates can receive IICRC CE credits for each course

LEARNING TOOLS

- The ability to connect with your instructor for expert guidance and support
- A 30-day trial subscription to our adaptive learning tool to help you hone your skills and receive feedback

Vale Training, a Sedgwick company, offers fully virtual learning experiences to advance the capabilities of field and desk adjusters. Our virtual programs can be customized to meet your training and production goals. Learn more at valetrainingsolutions.com.
