

# Claim program assessments

How accurate are current liability reserves? Looking to avoid unpleasant financial surprises from a liability claim? Our claim program assessments can provide the confidence you need for financial stability.

## Trusted solutions

For more than 40 years, Sedgwick's auditing and consulting services have provided financial peace of mind to executive leadership teams at both large and small organizations. These services include:

- Pre- and post-underwriting audits to assure risks are consistent with representations in insurance applications
- Best practice audits with a skills assessment of the client's claims staff, including quality of investigations, accuracy of reserving and extent of involvement with the management of litigation matters
- High exposure claim audits for excess carrier confidence, renewals or attachment determinations
- Professional and healthcare-related general liability reserve certification, pre-actuarial or for-premium calculations
- Reserve certifications during due diligence in mergers or acquisitions
- Reserve certifications with coverage analysis in anticipation of portfolio transfers or run-offs
- Independently retained or court-appointed bankruptcy estimations of professional liability self-insured exposures, with analysis of other available insurance coverages
- Captive feasibility studies during formation or new member consideration
- Audit of underlying layers of insurance to estimate likelihood of per-occurrence piercing per claim and aggregate

## Innovative partnerships

Sedgwick has the tools and expertise to help analyze and assess professional liability claims issues and exposures, including those pertinent to hospitals and health systems, physician practices, elder care facilities, insurance services, allied health, pharmacy, lab, home health, TPA services, managed care, prison health and more.

Our team provides on-site or remote audits, comprehensive written analyses, follow-up consultations, and assistance with planning and implementing action plans. Because we believe that each client and each project is unique, Sedgwick will customize our services to fit your specific needs. In this way, our focused, efficient service and analysis can maximize the outcomes for each project.
