

**ART AND PRIVATE CLIENTS**

Global solutions. **Local expertise.**

*The art and private clients sector is a niche that requires a high level of specialization. Prompt response and high-level service are a must. Our team of experts are uniquely qualified and responsible for making sure we meet your expectations and look after the interests of all parties involved.*

**Risk surveys and condition reports**

We specialize in surveys of mansions and other HNW properties, museums, galleries, collections and jewelers, as well as condition reports of fine arts.

**Art appraisals**

We appraise works of art, antiques and jewelry with the goal of providing the monetary value during a determined period of time.

**Loss adjusting**

We know that a rapid response helps minimize damage. Our experts have amassed a wealth of experience in this sector.

**Transport and packaging**

Packaging quality is the greatest guarantee against risks associated with the transport of works of art. We coordinate and manage this work.

**Restoring works of art**

The guiding principle of our network of restorers is minimum intervention and to respect the authenticity of the original work.

## Our specialist team

### Alberto Domínguez Conde

*Industrial technical engineer specializing in construction and mechanics*

Since joining Sedgwick in 2002, Alberto has worked on a variety of losses, particularly in engineering and construction. For the past six years, he has focused on major losses involving damaged works of art and valuable objects in museums and art galleries and for high-net-worth clients, as well as related risk inspections. Having now conducted more than 5,500 inspections, including 800 for HNW clients, Alberto has acquired very valuable expertise in the sector.

### María Jesús Guirado

*Claims handler and art and antiques expert*

María Jesús specializes in appraising, cataloging, documenting and managing works of art and antiques. She earned a degree in restoration and conservation from the London Metropolitan University and has worked on a number of projects and restoration studies in the UK managed by the Royal Household and English Heritage organizations.
