

Sedgwick MCO and Spooner MAI *performance comparison*

Accumulation of lost workdays is a key driver of claim costs, impacting premium rates, savings options and workplace operations. A managed care organization that consistently facilitates a faster return to work for injured employees positions their clients for success. Sedgwick MCO averages 5.2% fewer lost workdays per claim than Spooner MAI.¹

Sedgwick MCO is Ohio's largest managed care organization and we handle more than half of all workers' compensation claims in the state.² We have extensive experience guiding Ohio employers and their injured employees through the managed care process.
