Secure the proper care for your employees – in one step, through one single point of contact. Submit your request for services, and we'll take care of the rest: everything from scheduling a service to coordinating with the provider and employee to ensure the proper care is received.

The care your employees need

We schedule care promptly — within 48 hours, guaranteed, and same day or next day for urgent requests — which helps with the return to work process.

We're all in

We're committed to providing you, your organization and your employees with compassion and consistency in everything that we do.

Managing care and cost

We use negotiated rates from our vast network of more than 40,000 providers, so you save in medical costs.

Our data-driven approach

We provide access to the data that matters most to you, so you can make informed, data-driven decisions. Through reports on utilization, cost and service delivery, you'll have the information you need, when you need it.

About Careworks

At the heart of any organization are its people. When one of your employees is out of work for illness or injury, Careworks is there, ready to help them on their return to health, work and productivity. By providing the right care and coordination solutions — from clinical case management to networks and support — along with the best treatment and cost oversight, we're driving better outcomes for your injured workers. And that means better outcomes for you.
