

# Sedgwick MCO and Occupational Health Link performance comparison

Accumulation of lost workdays is a key driver of claim costs, impacting premium rates, savings options and workplace operations. A managed care organization that consistently facilitates a faster return to work for injured employees positions their clients for success. Sedgwick MCO averages 23.1% fewer lost workdays per claim than Occupational Health Link.<sup>1</sup>

A shorter duration of medical activity is an indicator of effective medical management and declining reserve costs. We negotiate directly with medical providers to help drive faster claims resolution. Sedgwick MCO outperforms Occupational Health Link by 31.9% in the longevity of active status in current active claims.<sup>2</sup>

Sedgwick MCO is Ohio's largest managed care organization and we handle more than half of all workers' compensation claims in the state.<sup>1</sup> We have extensive experience guiding Ohio employers and injured employees through the managed care process.
