

Corporate relocation solutions

When an office or storefront is damaged and unusable, the loss of revenue can begin immediately and searching for a rental space can be a challenging process. Our relocation experts can find the right properties quickly, helping businesses minimize interruptions and reduce losses.

Why choose us?

Our team locates commercial buildings to fit your customers' needs, negotiates the best possible lease terms and coordinates furniture rentals. We focus on size, location and function to identify the most practical options for each business. Our experts can save adjusters valuable time and help control losses for policyholder's by speeding up the relocation process.

Our services help reduce or eliminate business interruptions and make the transition process as smooth as possible for employers and their employees. We also keep track of the amenities available to employees to ensure schedule adjustments are minimal and work habits remain consistent. In addition, we leverage partnerships with industry broker networks to provide property solutions that stop the endless business interruption pay stream.

Customized carrier services

We help insurance carriers support the relocation process for business offices, medical facilities, strip malls, small grocery and convenient stores, and on-site mobile offices. Our solutions include:

- Completing the property search, calculating fair rental value and negotiating the lease
- Coordinating furniture rentals
- Our full-service option provides the services above, plus additional support managing brokers/realtors throughout the property search and coordinating tours

Streamlining the process

When a customer needs to relocate their business, we take care of several key steps:

- Step one – We review the claim referral to ensure the relocation services can be provided
- Step two – We identify like, kind and quality commercial property options, and calculate fair rental value
- Step three – Our experts review properties with the customer, negotiate the lease and assess furniture rental needs
- Step four – We facilitate the lease agreement, handle payments and provide support throughout the claim

We are here to help

Our team offers professional relocation services and support to help your customers quickly find suitable rental spaces, reduce losses and get back to business.
