# EFI GLOBAL

EFIGLOBAL.COM

*Fire, environmental and  
engineering experts —*

WHEN AND WHERE YOU NEED US.

# We are here around the globe – **anytime, anywhere.**

*Count on EFI to respond quickly to your needs*

EFI Global is a full-service engineering, fire investigation, environmental, health and safety, and specialty consulting services firm serving a variety of industries in both the public and private sectors.

Over the last four decades, we have grown from a boutique firm specializing in handling insurance fraud and arson cases and providing expert witness testimony, to a recognized global leader in engineering failure analysis, origin and cause investigations, environmental consulting, laboratory testing and specialty consulting.

Our experienced teams around the world share a dedication to expertise, quality and demonstrating to clients that caring counts. Each of our engineers, fire investigators, environmental specialists, architects and scientists was selected for their technical proficiency, in-depth industry knowledge and commitment to professional integrity. Together, our diverse backgrounds and collective insights empower clients to make better-informed business decisions.

EFI's combination of global solutions and local expertise has earned the firm a reputation for delivering timely responses that consistently meet our clients' expectations — **anytime, anywhere.**

# Practical solutions for **complex issues**

*Our expert insights help empower your business decisions*

**W**ell-regarded as an industry leader on multiple continents, EFI Global has skilled and experienced professionals and technical specialists who carry out in-depth investigations, deal with a full range of losses, and provide immediate response to clients worldwide. Our service teams are dedicated to providing technical excellence, timely and accurate work product, and ultimately demonstrating value to our clients.
